

PAUL LATHAM DESIGN

Paul Latham established Paul Latham Design, LLC in 2005. The firm specializes in residential and commercial projects ranging from Manhattan townhouses and lofts to Hamptons retreats and headquarters for international companies.

Central to Latham's philosophy is the synergy between designer and client, the creation of beautiful and magical spaces that reflect the personality of each client. The goal is to make a space come to life – to bring unity, yet leave room for surprises and the unexpected. He believes in making a space livable with the imaginative blend of old and new infused by a modern sensibility. Informed by his interest in architecture, landscape design and art he creates harmonious interiors that are exciting and timeless.

Latham was previously the Design Director at Benjamin Noriega-Ortiz, LLC, where he worked on residences for Lenny Kravitz, Laura Esquivel, Sean Combs, and Mark Seliger. He has also worked on projects such as a Frank Lloyd Wright House in New Canaan, CT, and an Elsie de Wolfe townhouse in Manhattan. Originally from upstate New York, he studied in Italy and received a BA in Interior Design from FIT. His has been featured on HGTV and in international design magazines.
